UNIT SEVEN

" Social media has a great impact on our lives"

Plan and **write** an article of two paragraphs (not less than 10 sentences) about **"Social Media"** talking about **the advantages** and **disadvantages** of social media.

(Your writing should include a topic sentence, supporting details and a conclusion)

The plan

Social Media (وسائل التواصل الاجتماعي)

Social media has become a huge part of everyday life and it has a lot of advantages and disadvantages. On the one hand, social media has made communication easier and faster. Also, social media is a great source of information. In addition, social media has helped people to start business. Finally, social media is a great source of entertainment where people make friends and play games online.

On the other hand, social media has a lot of disadvantages. It can lead to addiction and sleep deprivation. Moreover, using social media could be a waste of time. Also, a lot of people suffer from cyberbullying on social media. Finally, some people misuse social media to spread rumors and harm others.

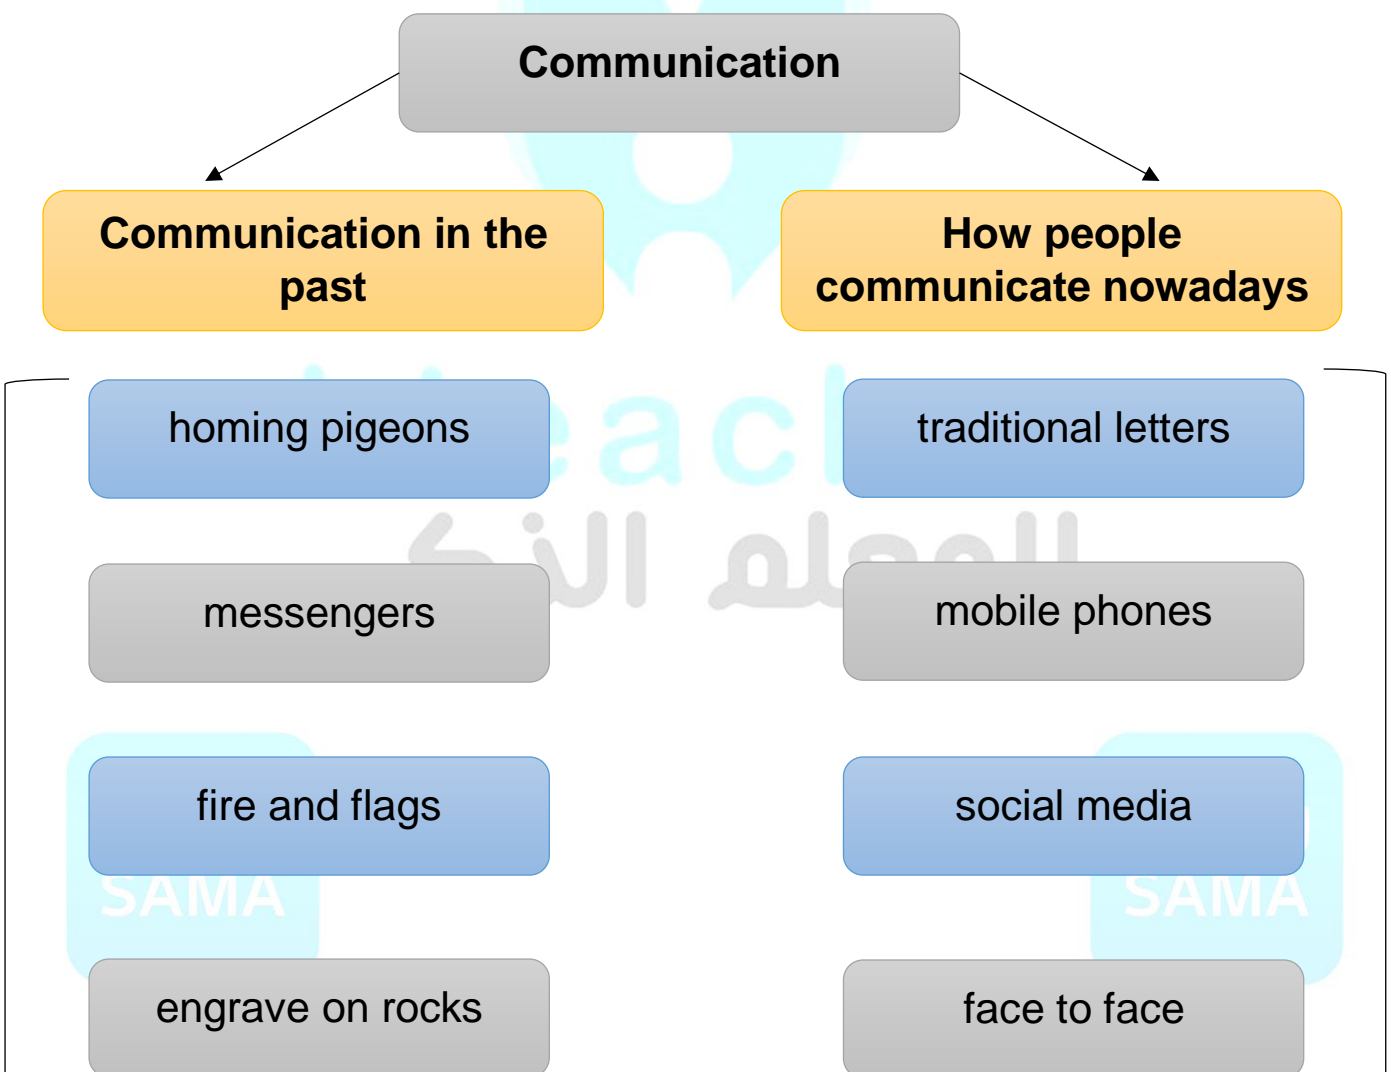

UNIT EIGHT

"Communication is simply the act of transferring information from one place, person or group to another."

Plan and **write** an article of two paragraphs (not less than 10 sentences) about "**Communication**" talking about **communication in the past** and **how people communicate nowadays**.

(Your writing should include a topic sentence, supporting details and a conclusion)

The plan

Communication (التواصل)

Communication in the past was not easy. People used different ways to communicate with each other. For example, they used homing pigeons to carry their messages long distances. Also, they relied on messengers who delivered their messages to their destinations. Sometimes, they used fire and flags or engraved on rocks to convey their messages to other people.

Nowadays, communication has become easier and faster. People use modern ways for communication. For instance, some people prefer to communicate through traditional letters. In addition, they can use mobile phones to make calls or send text messages. Finally, people can communicate through social media or face to face.

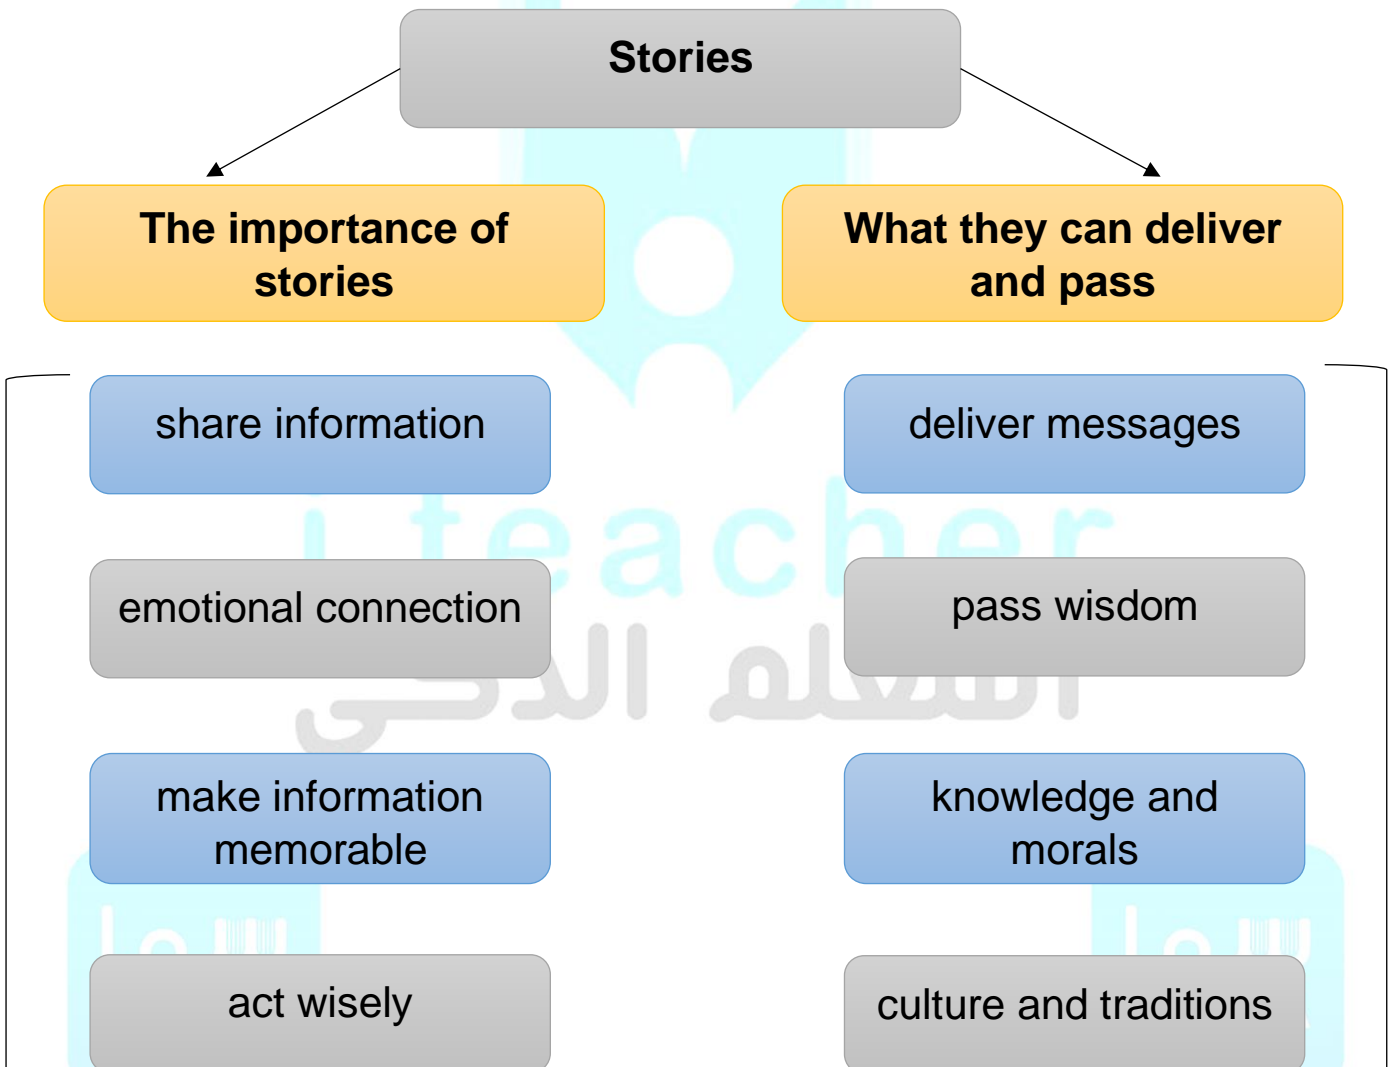

UNIT NINE

" Stories are the most effective way to communicate and deliver a message."

Plan and **write** an article of two paragraphs (not less than 10 sentences) about "**Stories**" talking about **the importance of stories** and **what they can deliver and pass**.

(Your writing should include a topic sentence, supporting details and a conclusion)

The plan

Stories (القصة)

Telling stories is a fundamental part of being human. Stories are very important as they let us share information with other people. They also help us create emotional connection and gain a deeper understanding of other people's experiences. Stories make us understand each other and make information memorable. Finally, stories help us learn how to act wisely.

Stories can deliver and pass many things. They are the most effective way to communicate and deliver messages from one human being to another. They also pass the wisdom of ancestors to the next generations. In addition, stories can pass down knowledge and morals. Finally, stories are a very good tool to pass culture, customs and traditions.

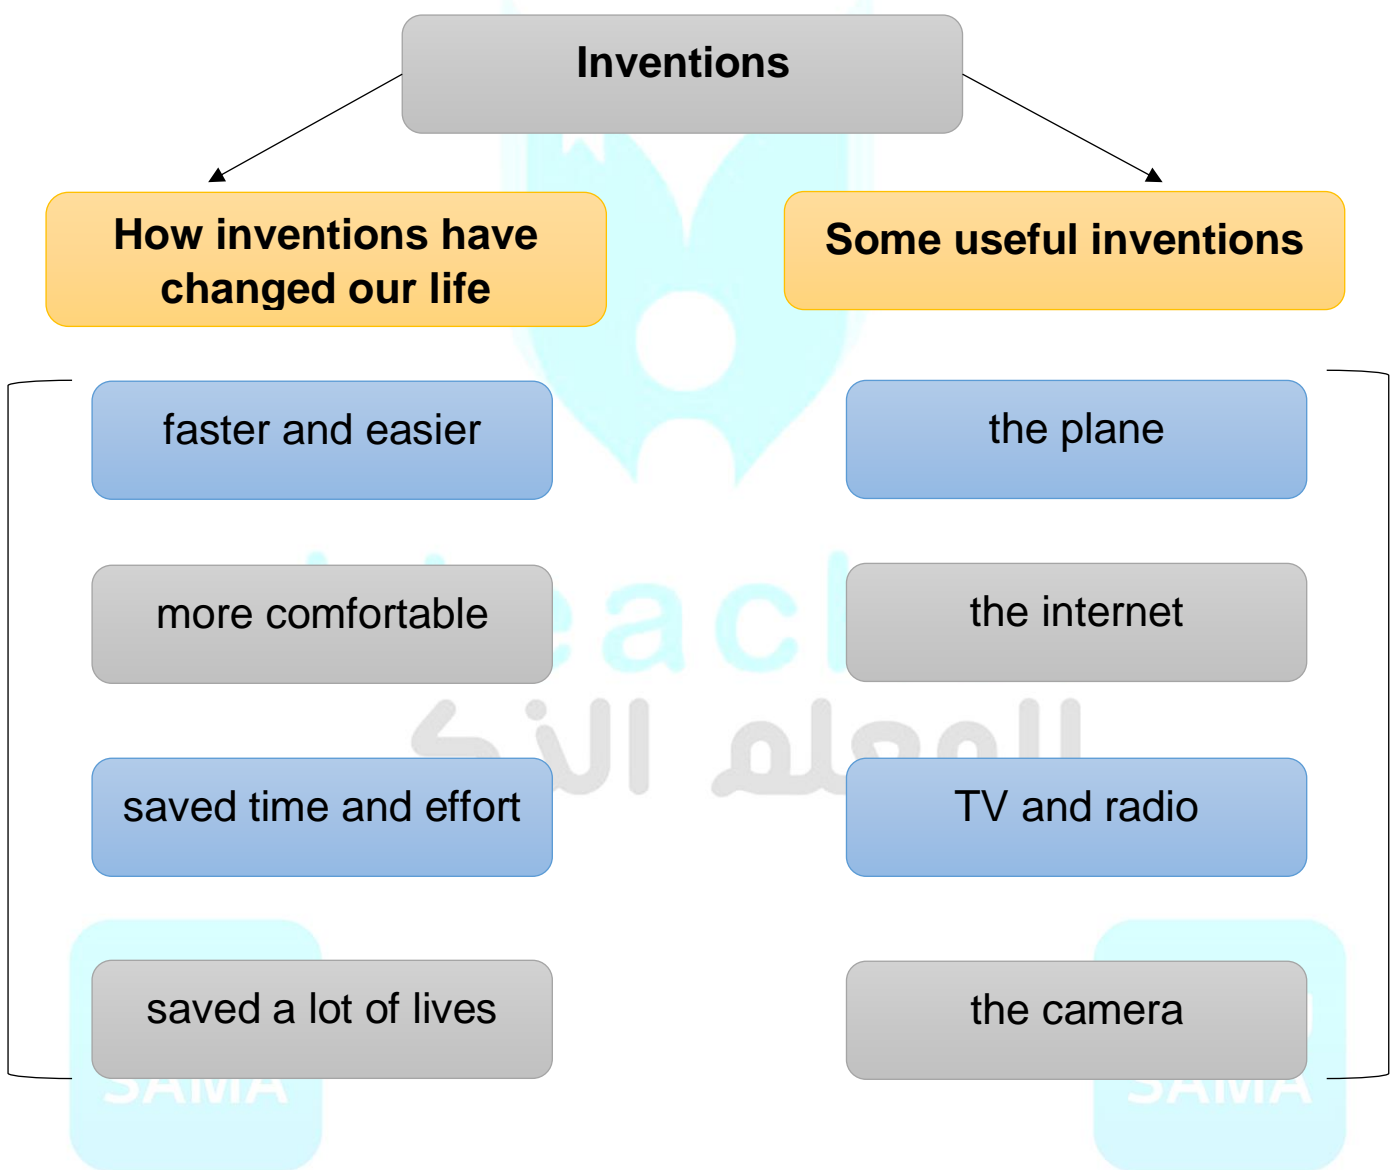

UNIT TEN

"Inventions play a very important role in our daily lives "

Plan and **write** an article of two paragraphs (not less than 10 sentences) about "**Inventions**" talking about **how inventions have changed our life** and **some useful inventions**.

(Your writing should include a topic sentence, supporting details and a conclusion)

The plan

Inventions (الاختراعات)

Modern inventions have improved our lives in many ways. They have made our life faster and our tasks easier. Also, they have made our daily life more comfortable. They have saved our time and effort. Finally, some medical inventions have saved a lot of lives.

There are a lot of useful inventions nowadays. For example, the plane is a good invention that helps us travel faster. Also, the internet helps people communicate and do a lot of tasks easily. TV and radio are two good inventions as they entertain people and educate them. Finally, the camera is a great invention which helps us take photos and record videos making our life more interesting.

UNIT ELEVEN

"Creativity is seeing what others see and thinking what no one else ever thought." Albert Einstein.

Plan and **write** an article of two paragraphs (not less than 10 sentences) about "**Creativity**" talking about **the importance of creativity** and **ways of being creative**.

(Your writing should include a topic sentence, supporting details and a conclusion)

The plan

Creativity (الابداع)

Creativity is using your imagination to create something original. It is very important as it helps with problem solving. Also, creativity can make you more productive. In addition, creativity can boost your confidence. Finally, a lot of research show that being creative relieves stress.

There are many ways of being creative. First, putting ideas together to create a new idea can help you be creative. Second, to be creative, you should always change how you do things. Third, you have to try to find a new use for things to be creative. Finally, when you try to solve a problem, try to change your approach rather than using one way to deal with it.

UNIT TWEELEVE

"Environment plays an important role in healthy living and the existence of life on planet earth."

Plan and **write** an article of two paragraphs (not less than 10 sentences) about "**The environment**" talking about **the environmental threats** and **ways to help save the environment**.

(Your writing should include a topic sentence, supporting details and a conclusion)

The plan

(The environment) (البيئة)

The environment plays an important role in the existence of life on earth. However, there are a lot of environmental threats such as pollution. Also, one of the major environmental threats is water shortage. In addition, cutting down trees can have bad effects on the environment. Finally, hunting animals can greatly affect the environmental balance.

There are many ways to help save the environment. For example, recycling can reduce pollution and protect the environment. Also, saving water is the best way to face water shortage and save the environment. In addition, we should plant more trees. Finally, the government can help save the environment by banning hunting and founding nature reserves.
