## UNIT SEVEN

**Plan** and **write** a report of two paragraphs of not less than (8 sentences) about:

### " Life in Kuwait"

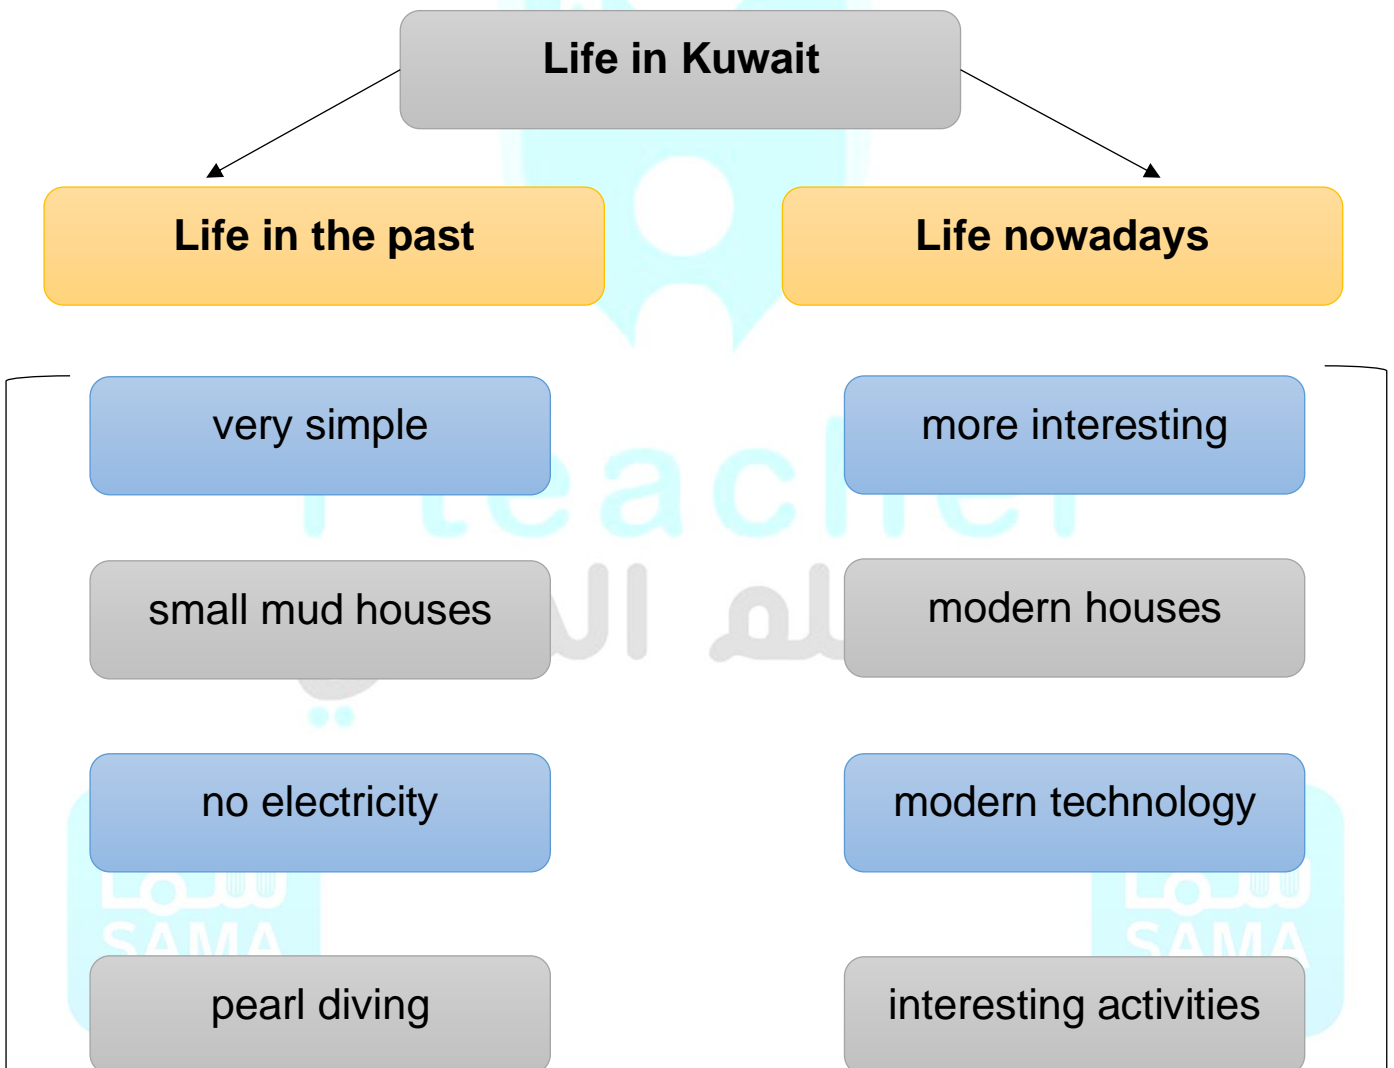

Comparing **life in Kuwait in the past** with **life in Kuwait nowadays**.

The following guide words may help you:

( simple/ mud houses / no electricity / pearl diving / more interesting

modern houses / modern technology / interesting activities )

### The plan

## Life in Kuwait (الحياة في الكويت)

Life in Kuwait in the past was different from life nowadays. It was very simple and people lived in small mud houses. There was no electricity or modern technology in the past. People used to go fishing and pearl diving.

Nowadays, life in Kuwait has become better and more interesting. People live in modern big houses. They have modern technology such as smart phones, modern cars, electric appliances and AC systems. They enjoy doing a lot of interesting activities like going shopping, going to the gyms and travelling.

## UNIT EIGHT

**Plan** and **write** a report of two paragraphs of not less than (8 sentences) about: " An animal trainer"

Talking about **things he has to (have / do)** and **things he doesn't have to (have / do)**.

The following guide words may help you:

( patient / animal behaviour / physically strong / actors and the police / wear a uniform / use a computer / work in an office / speak English )

### **The plan**

## **An animal trainer (مدرب الحيوانات)**

Working as an animal trainer is not that easy. An animal trainer has to be very patient. He has to understand animal behaviour. Also, he has to be physically strong. He has to work with actors and the police.

On the other hand, an animal trainer doesn't have to wear a uniform. He doesn't have to use a computer in his job. He doesn't have to work in an office. Finally, he doesn't have to speak English.

## UNIT TWEELEVE

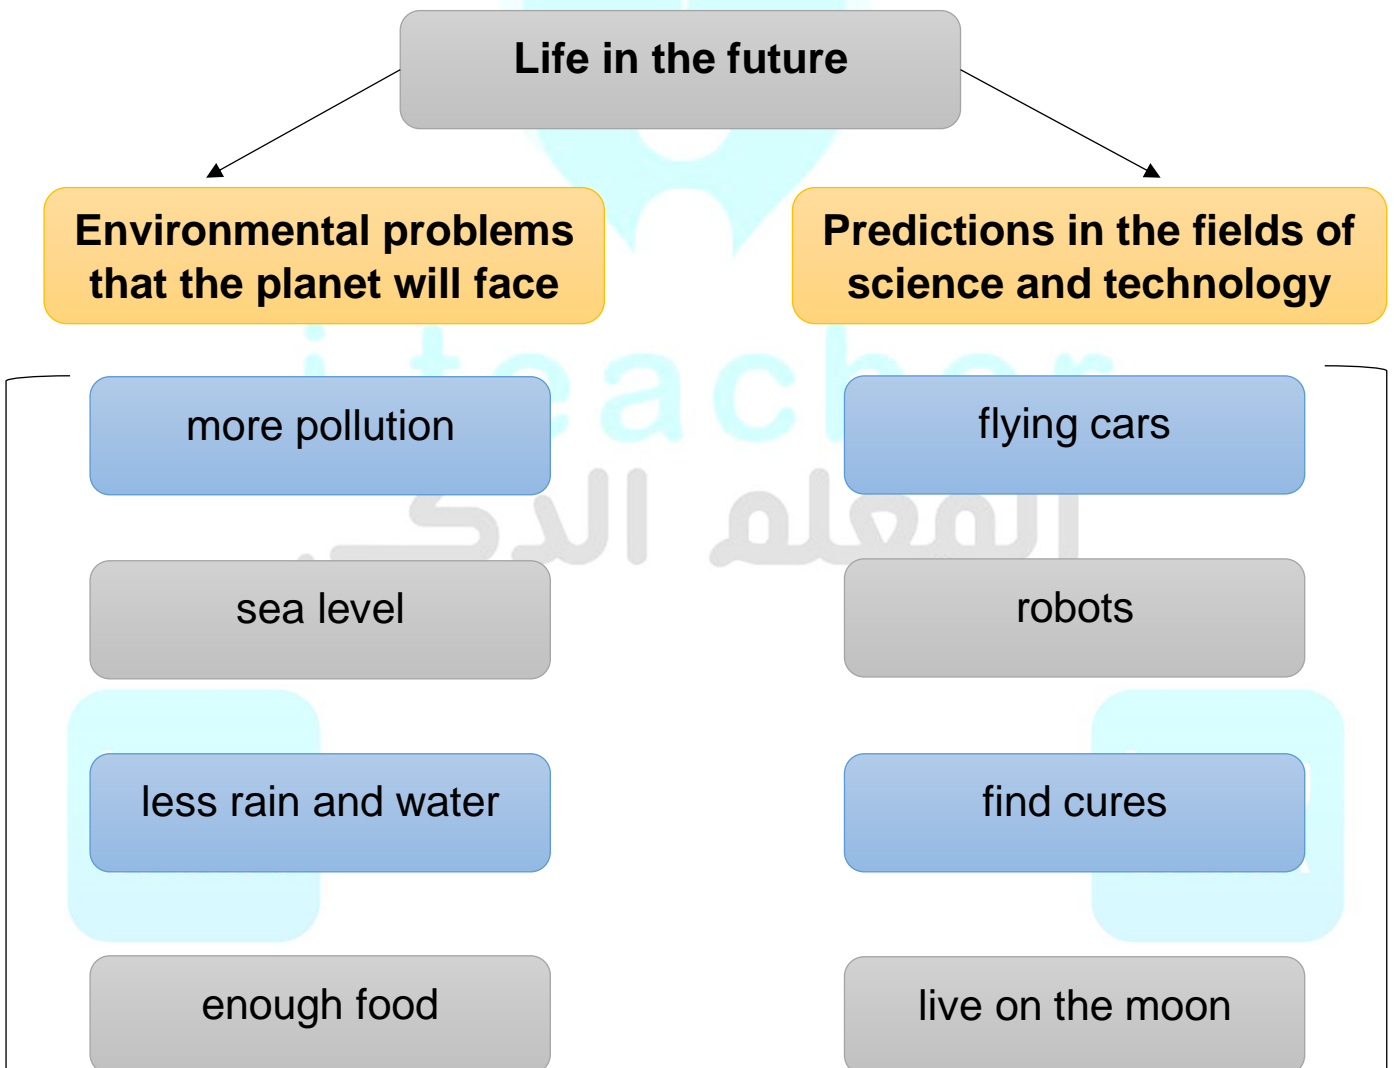

**Plan** and **write** a report of two paragraphs of not less than (8 sentences) about: **"Life in the Future"**

Talking about **environmental problems that the planet will face** and **your predictions in the fields of science and technology**.

The following guide words may help you:

( more pollution / sea level / less rain and water/ enough food / flying cars  
robots / find cures / live on the moon )

### **The plan**

## Life in the future (الحياة في المستقبل)

Life in the future will be so different. The planet will face a lot of environmental problems as there will be more pollution. The sea level will increase and may go up by two meters. Also, there will be less rain and water. Because of lack of water, there won't be enough food.

In the fields of science and technology, we will see a lot of changes. People will drive flying cars. Also, robots will replace humans in many jobs. Doctors will find cures to fatal diseases such as cancer. Finally, people will travel into space and live on the moon.
