In four sentences of your own, paraphrase the following text in an answer to the question below:

Regarded for thousands of years in the East as a key to good health, happiness, and wisdom, tea has caught the attention of researchers in the West, who are discovering the many health benefits of different types of teas. Studies have found that some teas may help with cancer, heart disease, and diabetes; encourage weight loss; lower cholesterol; and bring about mental alertness. Tea also appears to have antimicrobial qualities. Still, green tea appears to have the best health qualities. That is, green tea's antioxidants may stop the growth of breast, lung and stomach, cancers. It can improve cholesterol levels. Green tea may also reduce the risk of heart attacks. If taken moderately, green tea can act as a weight loss drink.

What are the health qualities of GREEN Tea?

Unit (6) Nature : الطبيعة / الوحدة السادسةWriting:

Have you ever thought about how to protect endangered animals? In Kuwait, we have built Sabah Al-Ahmad Nature Reserve. Saving animals is good to keep natural balance.

First, there are many dangers facing rare animals. For example, people cut down trees which are the habitat of these animals. Other people practice illegal hunting. Pollution is also another danger.

Second, we can save these rare animals in many ways. For example, we can build nature reserves. We can put strict laws. Also, we must plant more trees.

Finally, we say that saving rare animals is important. By saving animals, and only by saving animals, we can live.
