06. We cannot for long without food or water.
07. The number of students attending the university every year is
08. She is going to her delicious new recipes on Instagram.

B- Reading Comprehension (16 Marks)

- Read the following passage carefully, then answer the questions that follow:

When you walk on sand, you leave footprints behind you. Then the wind comes and covers your footprints. But there is no wind on the Moon and no rain. There is no air and no weather. So, the footprints of the first people on the Moon are still there today.

Those men are famous now. Their names are Neil Armstrong and Buzz Aldrin. They climbed out of their spaceship and stood on the moon on 20th July 1969. They looked around and saw no living things. The ground was dark grey and dusty, and the sky was black. They could see Earth in the sky. **It** was blue and white.

Then they started to walk on the Moon. They were in heavy spacesuits, but they could walk and jump easily. They could move six meters with each step. It was easy because everything on the Moon is lighter than on the Earth. Things are lighter because there is less gravity. This is because the Moon is smaller than the Earth.

Armstrong and Aldrin spent only three hours on the Moon, but their footprints will **probably** stay there for hundreds of years.

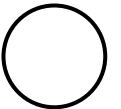

A. From a, b, c and d, choose the most suitable answer: (6X2=12 Marks)

09. The best title for this text would be:

- The First People to the Moon
- Travelling to Space
- Gravity on Earth
- The Weather on the Moon

10. The underlined word ‘**probably**’ in the 4th paragraph is closest in meaning to:
- usually
 - closely
 - maybe
 - badly
11. The underlined pronoun ‘**it**’ in the 2nd paragraph refers to:
- ground
 - sky
 - Moon
 - Earth
12. On the Moon, Armstrong and Aldrin saw:
- black sky
 - plants and animals
 - white sand
 - bad weather
13. Everything is not heavy on the Moon because:
- there is no gravity.
 - there is no air or wind.
 - the ground has different colours.
 - the spacesuits were heavy.
14. The writer’s main purpose in writing the text is to:
- give information about the sun.
 - describe life on Earth.
 - tell us about life on the Moon.
 - show the importance of spaceships.

B. With reference to the passage, answer the following questions: (2x2=4 Marks)

15. Why are the footprints still on the Moon?

.....

16. When did the first people stand on the moon?

.....

II- Writing (30 Marks)
